

The City Library Ludwigsburg is offering

Live-Online-Courses „Learning German in virtual classroom“ for those who have successfully completed Intergration Course and hold B1-Level

Do you want to improve your German language knowledge together with others?

Your library is offering you an amazing new course in a virtual classroom!

November onwards a German Language Course is starting in Ludwigsburg with maximum 5 participants.

Please note:

You should have successfully completed Integration Course B1. Kindly bring your certificate along with you.

I have completed Integration Course B1 (**The certificate is maximum 12 months old**)

How does a virtual classroom work?

A virtual classroom works like a convenient telephone conference with the help of a computer. Similar to Skype but still better – since the virtual classroom is especially made for this class. The computer monitor is the board and everyone can speak with one another directly via a headset.

In a virtual classroom you can also meet participants from other city libraries. – With an experienced teacher, you all can learn German together in a course.

Are you interested? – Do you want to participate?

Then please have a look at the course offerings on the next page and register yourself for the course with the city library in Ludwigsburg.
